Louisburg College

Volume 67
1990

The college experience is one which, when pursued, should be held precious. College allows one to earn an education, establish new relationships, participate in extra-curricular activities, and experience a feeling of responsibility which all play a significant role in one's future. Having enrolled in Louisburg College, one purchased not only an education, but a valuable "ticket" which allows for admission to a promising future. With this ticket, one can be as successful in life as possible. This is not only a ticket to the future, but a ticket to a new decade, the nineties.

Lots of fun!

T.J. Johnson, and friend Jill Briley enjoy each other's company while listening to Al Wright's ballads and savoring the sweet taste of summer watermelon.

Melon on the lawn has been a part of Louisburg College's orientation for many years. It is held in the front of Main Building on the steps. The students and faculty are welcome to all the watermelon they can eat. Melon on the lawn is sponsored by the chaplain's office. Mr. Stafford is now famous for his excellent watermelon cutting. Al Wright plays the guitar and tries to get the students to sing along as they enjoy their melon.

Melon On The Lawn

Tony Butler finds a quiet corner to enjoy his slices of melon.

Mr. Stafford along with the students having a little fun with the seeds. Mr. Wright has become a ritual with his music at the famous "melon on the lawn" gathering.

Not only do students get to eat watermelon, but they also have a chance to make new friends. Many students, like these two, found the watermelon to be very satisfying on this warm evening.

Leadership '89

What is this, the Three Beastie Boys? Are these three guys Jeff Greene, Eric Sechrest, and Ivan Stratton trying to act cool in front of the camera or are they just trying to rap to the beat of the flash? Left Working together as a team, Tony Mills, Jimmy Paulakuhn, Mary Fordham, David Tilley, and Ervin Williams try to very carefully and very quickly stand on a 1-foot square wooden table with nothing to brace themselves upon besides the fellow staff members. Can they do it?

DORM LEADERS TO LEAD DORM TO LIFE

This year's Leadership Staff for '89-'90 is Mary Katherine Turner, Heather Tomerlin, Charles Johnson, Nichole Williams, Cheryl Chambers, Chris Suggs, Jimmy Paulakuhn, Dean Partin, Mary

Fordham, Leslie Council, Heidi Wagner, Jeff Greene, Ivan Stratton, David Tilley, Daniel DeSouza, Eric Sechrest, Milton King, Ervin Williams, and Jeff Adams.

Teamwork

The Leadership Training Conference went very well this year. We had a positive staff of excited people who were eager to learn about the positions that they would have to hold. The staff started off the three-day training conference with great attitudes. Everyone came thinking positive about the conference and about the upcoming year. It was said to have been one of the most positive staffs that Louisburg has had. The conference started out with various talks given by some of the faculty members of Louisburg. The talks dealt with the duties and responsibilities of their jobs. Throughout these talks the staff had an opportunity to ask questions about things in which they were not clear upon. The main purpose of the conference was to teach the various staff members the meaning of the word teamwork. They were divided up into groups and had to remain in these groups throughout the conference. The purpose of this was so that the individual members of the group could find out more about the other members and become good friends. The conference helped the staff learn their fellow staff members so that they could work better together for the upcoming year and the years to come.

"The Big Squeeze" With the help of Ervin Williams, Cheryl Chambers, David Tilley, and Dean Partin, Chris Suggs is carefully squeezed between the ropes. Below: Teamwork is accomplished here when Jimmy Paulakaun, Chris Suggs, Dean Partin, Mary Fordham, and Tony Mills walk without falling off.

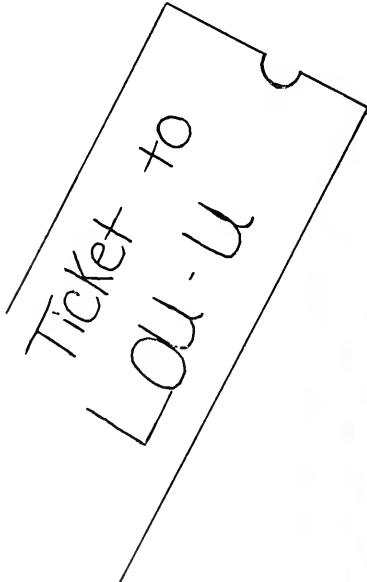

New Surroundings

Students often bring mementos from home to remind them of family and friends, and also to make their dorm rooms much more like home.

Student life at Louisburg College is never dull with all the activities going on like "Fun Day" and "Comedy Sportz." Fun Day was a time for all new students to get together and do some outside activities and also give everyone a chance to meet new friends. There was a good turn out for this activity. Also, Comedy Sportz was a fun activity, because it was a workshop that taught team improvisation comedy. The workshop was conducted by Bob Johnson, who is involved with the Comedy Sportz team in Raleigh. Bob also teaches photography here at Louisburg College. There were two teams that acted out the skits. The responses were based on the suggestions of the audience that applied to the games they played, such as 185, Hitchhiker, Mr. Know-It-All, and Story. These games kept the students laughing the whole time. Comedy Sportz performs on Friday and Saturday nights in Raleigh at the New Yorker Restaurant.

Waiting for class cards in drop/add may take time.

"Hey, aren't the guys supposed to be carrying this?" These two students find moving into Wright a little more work than they had thought.

"Okay, so what's the deal with all the toilet paper?" Students got involved in some fun activities on their first days here. These gave them a chance to meet new people.

"Bang, Bang! You're dead! Mo Beetham and Kevin Harris are acting out a game called "Freeze" to help understand what improvisational comedy involves

"Say, cheese!" These students are getting their pictures made twice for The Oak

A Special Day For The Parents

Parents' Day is a special day at Louisburg College. The parents were gathered in the new auditorium and given a welcome speech by Student Government President Chad Dansby. Dean Brooks also had a speech for the parents. There was a slide show of the history of Louisburg College. This slide show was shown so the parents could see how far Louisburg College has come over the past two-hundred and two years. The parents were also invited to enjoy lunch with their sons and daughters. Parents' Day is set around mid-term; at this point professors have a pretty good idea of how well the students are doing. If the students aren't doing well, their parents get to find this out too. Whatever the case may be, the professors and administration are here to welcome them.

Elaine and Christy are having fun here at school, even though it is on a Saturday.

Parents, faculty, and students had a nice time dining in the Blue Room.

Dr. Willard is having fun telling these parents about their sons' and daughters' grades.

Parents' Day is fun for the students also.

Mr. Mize looks like he's got some good news for these parents.

Parents enjoy lunch as well as touring campus.

Fall Intramurals '89 began in October with a boom! Many students gathered together to form teams for soccer and flag football. Students competed according to dormitories and their individual floors.

Receiving a pass Chip O'Rear makes his move with Steve Vanhoy in pursuit.

1989 was the first year that soccer was added to the intramural agenda. As this was the first year for soccer, it was also the premiere for female participation on the field. Many ladies took to the soccer field and joined the men for a little competition and fun.

Flag football was another activity included in Fall Intramurals.

It has been played in past intramurals, and was just as exciting and competitive this season.

The season came to a close in December with championship matches in each sport. The Hillman Trips of the third floor grasped the soccer title, while Franklin Dormitory, third floor, claimed the flag football championship.

Women's Liberation is seen on the soccer field as Jill Bradshaw and Terry Gallagher show their stuff.

Taking control of the ball is David Manskaph with John Driskill planning his attack.

Making Fall Intramurals possible are Irvin Williams and referees Tim Bullock and Greg Murphy.

Preventing a score from the opposing team is goalie Tony Mills.

Outrunning the competition is Brian Eure.

The winners of the contest were first place — "Cat Woman," Michelle Monette. Second place winner — "Handsome Dude," Paul Stokes. Third place winner — "Cave Woman," herself, Christy Fleming.

Dorm Life At Lou-U

Going over the rules and regulations of the College for resident living are Leslie Council Resident Director of Wright Dorm and Cheryl Chambers, Head Student Resident.

Dorm life is not just doing homework and studying, it's also fun! There are many activities that go on in the dorms and many of the resident students get involved with them. The dorms sponsor many activities that not only involve the students of the college, but the community as well. During Halloween Wright Dorm's residents invited children to go "trick or treating." Wright Dorm also sponsored the ever popular "Dating Game." They invited the guys from Patten Dorm to join in the fun! Many students find the living conditions in the dorms relaxing and comfortable. Some students make many renovations to their rooms by moving furniture around and many students choose to build creative lofts to give them more space. All the dorms get involved with the intramural program at the College. The sporting activities involve softball, basketball, football and coed soccer. Each dorm gets involved in many of the College's activities, especially at Homecoming. The most important thing about dorm life is you make many good friends for life!

Playing around as usual are Brett McInis and Rebecca Jones.

"I don't think it will all fit Christy," as Chip Settles helps Christy Knight pack for the weekend.

"Alright boys, No girls after 11:00 p.m. There will be no loud music after 11:00 p.m. and do not bother me after 11:00 p.m.," says Tony Mills, Resident Director of Hillman Dorm.

Some of the girls of Wright Dorm are Amanda Martin, Rebecca Jones, Sharon Newton, Ann Jarratt, Leighann Miller and Sharon Salmon and fellows, these ladies are known as the "Wright girls."

"Smile Denny! You're on candid camera!" as Denny Shortt and friends relax on weekend.

Student Life

Mandy Hemphill shows her morning enthusiasm as she is getting ready to eat her morning breakfast which consists of Fruity Pebbles.

Caught in the act! Freshmen Patrise Bullock and Linda Blackwell are caught while eating in the cafeteria.

On the first day as Freshmen begin to arrive, Sophomores Trish Cook, Lea Curlee, and Knot McPhail take a quick break from the information booth to quench their thirst.

Sara Vincent and Beth Garner are eating outside at this year's first outdoor picnic.

Sophomores Billy Hale and Jayna Woody are posing for the camera while looking very comfortable.

At Club Fair which was held in September WAVES members were trying to recruit new members.

Student life at Louisburg College is a very important part of an individual's life at college. Student life is anything that goes on during students' day, whether it is in the morning when they get up, or during their classes, or activities

during their extra time. Planned activities is what the Head of Student Affairs Charles Johnson is in charge of. He makes sure that there are planned activities for all the people who live on campus to participate in.

Special Events '89-'90

"Head for the Mountains!" Many Louisburg students do just that for the ski trip to Boone, NC.

A Medley of Events . . .

Singing in memorium of Dr. Martin Luther King, Jr. are Louisburg college and high school students.

Performing a portion of "Oklahoma" in the showchoir musical revue are Jennifer Parker and alumnus Rob Daniels.

The student poetry reading is a great place for students like Kaki Stratford to recite their poetic innovations.

At the student art exhibit Julie Cheatham and Tammy Gilpin admire the artwork of their classmates.

Displaying remarkable artistry is Miho Furukoh as she plays the piano in the talent show.

Homecoming 90

What has beautiful women, exciting games, and lots of talent? It's Homecoming 1990. Homecoming is traditionally held in the fall, but this year it was held in the spring semester due to changes in scheduling. This made it more delightful. Homecoming 1990 was filled with nights of elegance and excitement. On February 8, our celebration began with a talent show. Ten talented students graced the stage of the College's auditorium with the comic Leroy Staton. Many of the contestants' friends were in the audience to give support and encouragement. The first place prize went to Miho Furukoh. Second and third places, to Patrise Bullock and Michelle Brodie. This got us prepared for the Homecoming Court, Game, Dance, and Lou-U Spirit competitions. The students got the opportunity to dress up in as much blue and white as they could paint on and put on. The "Blue and White" competition was won by Rob Garner. Rob took home \$50 for his enthusiasm. Enid Drake was also honored for 25 years of coaching at Louisburg College. Students were dazzled with a weekend of Homecoming that was action packed.

The passing of the crown brings tears of joy as Anne Marie Windley receives a big hug from former queen Michael Suits. First Runner-up was Sharon Knox, and Beth Young was Second Runner-up.

Putting on the hits at the Homecoming Dance are the DJ and his helper.

Left: Congratulations to Anne Marie Windley, our 1980 Homecoming Queen, shown here with her father.

Below: The Homecoming Court was honored at a dinner, sponsored by the Student Affairs Office.

Proudly representing their dorms and commuters are the ladies of Homecoming Court.

Making the shot heard all over Louisburg is Ronnell Peterson. Ronnell's basket was the game winner with 5 seconds left against Spartanburg.

Right: Thanks, Coach Drake. Representing 25 years of hard work, Enid Drake stands with former basketball players.

Below: Accepting the award for 25 years of coaching from Rod Gray is Coach Enid Drake!

Homecoming Spirit '90

Above and Right: Give a yell to see who's the best! Standing are the contestants of the hollering contest.

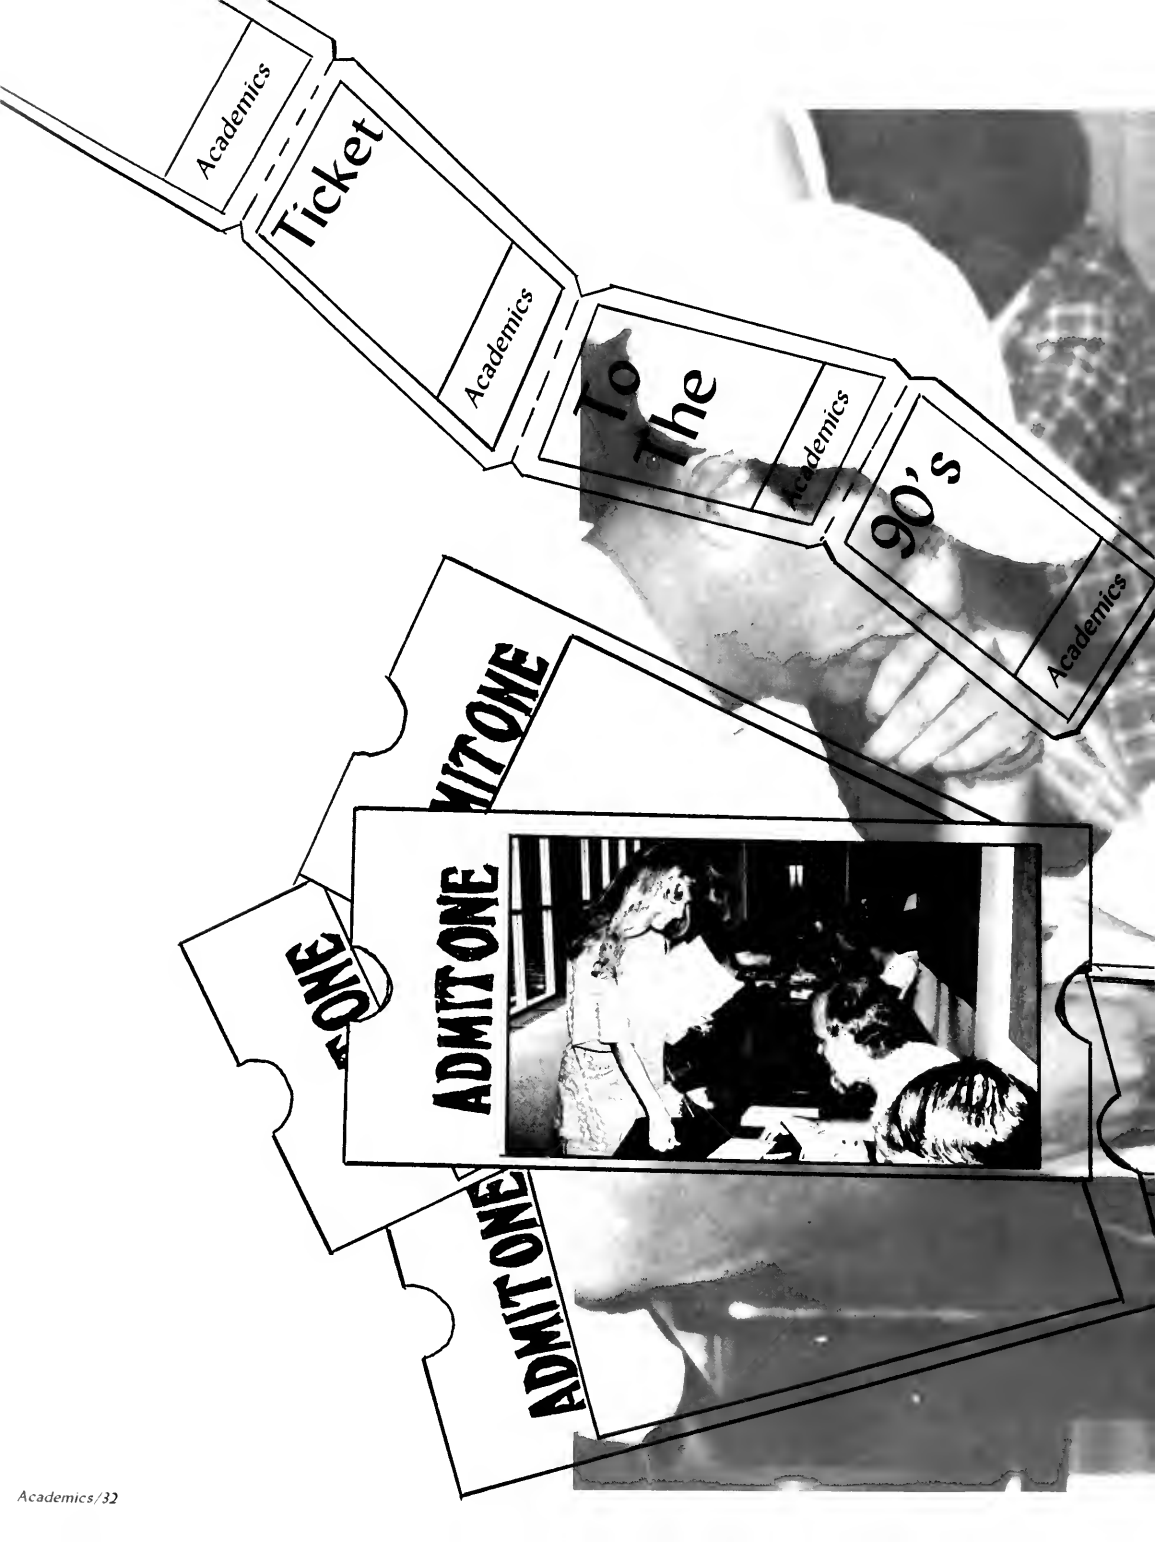

Standing with host comedian Leroy Staten are the Talent Show winning Team. 1st place — Miho Furukoh, 2nd place — Michelle Brodie, and 3rd place — Patrise Bullock.

That's right! Contestants for Blue and White night.

Showing us how it's done are the cheerleaders in the talent show.

He also remembers the good people that he has worked with over the past 13 years. He especially enjoyed the students crossing the stage at graduation. "It is rewarding to see students that you helped get started in college, leave with self-confidence and prepared for success. The Louisburg College Hurricanes played their second season in the Carolina's Junior College Conference, which includes teams from both North and South Carolina. The Canes closed out their season with a 22-10 record. The Canes have won 20 or more games in four of the last five seasons. The Canes were a balanced team consisting of seven freshmen and seven sophomores. The returning team members from the 1988-89 squad were Scott Adams, Chad Dansby, Jason Hall, Leo Lockhart, Mike Miskavech, Weldon Parham, and Chris Suggs. Weldon Parham continued his success on the court by breaking his first year's assists record of 279 to a second year total of 303 assists giving him a two year record of 582. Weldon was named to the first team All Conference and to the first team All Region X. Ronnell Peterson lead all scorers by posting a 14.6 average per game. Scott Adams pulled down 6.5 rebounds per game to lead the Hurricanes. Coach Enid Drake was honored by former team members, students, and friends at the close of the Homecoming game between the Canes and the Spartanburg Methodist team, for his 25 years of coaching.

Montreat-Anderson's number 40 and 32 pose little or no problem for Leo Lockhart in his scoring two important points during a hotly contested game in Holton Gymnasium.

Making a tough two-point basket look like "child's play," against the Lenoir Community College opponents, is second year player Jason Hall.

At the poker party, Blanche tries to join in the game, being forced out of the way by the angry Stanley.

Unice and Stella peek in on the poker party while trying to pick up after their mess.

Stella greets Stanley home after a long day at work. She tries to prepare him for her sister's arrival.

"Let me see you in the light", says Mitch to the older-than-thought Blanche who is caught in a bitter lie.

Mitch offers Blanche a hand, after he threw her light fixture on the floor during an argument.

THE 19th ANNUAL FOLK FESTIVAL

These four combine the banjo, bass fiddle, and guitar to create interesting music.

The 19th Annual Louisburg College and Franklin County Arts Council Folk Festival was held at the Louisburg College Auditorium on November 4, 1989. Again the Festival included loads of fun and talent. The Festival consisted of square dancers, various guitar and banjo players, the popular Serendipity Singers, Country Spice Cloggers, and The Original Briarhoppers. Awards were also presented. The emphasis on this year's festival was photography as an art form. The Folk Festival also included a photography exhibition, the tenth annual for Franklin County.

Shannon Grayson and Fiddlin' "Hank" Warren continue the long tradition of The Original Briarhoppers.

Paul Taylor enlightens and entertains the audience with his humor and light-hearted songs of life.

Showing off their talents at the Folk Festival are these members of the Epsom Folk Dancers.

The Serendipity Singers bring the house down with their talent and charm.

Expressionism: That's the Ticket!

Expressionism! What is it? It has been defined in many different ways, but it always relates to the reflection of one's inner self, shown in a way that tells one about the artist. At Louisburg College, expressionism is well practiced through some of our students' clothes. The art of dressing how one feels is on the rise. Even the preps practice this form of expression once in a while. Why not? What better way to make people take notice when they obviously don't want to hear anything said? Clothes that are torn, dyed, bleached, and frayed are enough to keep heads turning and minds boggled. Mr. Stafford is a religion teacher at Louisburg College. He said, "expression of one's self through their clothing is fine, as long as it is not offensive to others." Melissa Aderhold is a sophomore at Louisburg College. She stated that what people wear can be changed day to day to give a feeling of demureness and sexiness. "You can be outgoing with your

clothes. Wear vibrant colors on happy days or on days when you want to be seen. When you want to blend in, wear pale colors and beiges." She believes that the idea of wearing clothes is to present your view, such as not wearing leather and furs in support of the animals from which they were made. Melissa also expressed that some people judge others for what they wear instead of looking at a person's inner self. Julie Virginia Utberg, a sophomore at Louisburg College, is a prep. But on certain days she can be caught wearing jeans with holes where the knees are. Julie believes that expressing yourself through your clothing is acceptable just as long as you don't express too much of your body. So, what does one do when there is nothing to wear? Throw on anything that reflects what is on the inside, and tell others that expressionism is in effect.

You must satisfy yourself first according to Carol Venema.

It's not hard to take it easy when you are as relaxed as Jim Chadwick.

A smile is worth a thousand words as seen here by Rob Hockersmith and Thomas Vassallo.

Left: Complementing each other are Rebecca Wirth and a friend.

Showing her ethnicity, Cheryl Chambers shows pride in her African heritage.

Above: Expressing school spirit Rob Garner celebrates blue and white night. Style can be artistically done. Just ask Nelle Turner.

Dancing is another form of expression as shown here by Sharon Deering and Valerie Williams.

Black History Month

February is the time that we celebrate Black History Month. Louisburg College celebrated this month by devoting a week to brotherhood and unity. Charles Johnson was the coordinator of these events which made up our celebration. The Martin Luther King Commemoration, People of Color, Racism 101, The Black Church, and Gospelfest, delighted and enlightend audiences to the awareness of themselves and others. The goal of each program was for each person who attended to leave much more aware of the contributions of Black America and the unity and pride that all races can find true equality in. The topics discussed during this week were not just focused on Black History, but also on how all races can become more unified in everyday living. There was a very high attendance for all the programs that were sponsored by the Office of Student Affairs by way of the Student Activities Coordinator, Charles Johnson.

Above Right: Racism 101 is taught by Carla Jones, who is from East Carolina University. Above: Sharing poetry for a People of Color are Wayde Vickery, Katherine Grimes, Jennifer Tootle, and Rita Smith.

WOLFPEN BRANCH

A Literary Magazine

The Wolfpen Branch is an organization consisting of students who are responsible for producing a literary magazine. The magazine is a collection of poems, artwork, and photographs.

Under the guidance of Wayde Vickrey, Wolfpen Branch members review material submitted by fellow students throughout the school year. From these submissions are chosen suitable entries for the magazine.

The Wolfpen Branch magazine is a great display of talent of those writers who submitted their work.

Making Ends Meet

The Columns

The 1989-90 Oak has many dedicated students on staff. One of the main goals of the Oak staff is to present to the college community an enjoyable, but quality product that is a representation of the entire student body. Meeting Tuesday nights at 6:00, the staff discusses upcoming assignments relating to initial layouts, final layouts, and interviews. It is essential that assignments be completed as scheduled in order for the Oak to be received. With many devoted students, The Columns staff

works hard to keep the college community informed of news, current events, and other social concerns. Melissa Aderhold is Editor-in-chief and works hard to help keep students aware of their political surroundings. The Columns staff is always open for suggestions, comments, and criticism.

Matt T. Clark, Lana Whited, and Melissa Aderhold add the finishing touches to the Columns.

Fund-raisers, gatherings, and cookouts are just a few of the projects that the R.L.C. members partake to increase the involvement of the students living in the dorms. R.L.C. members also act as advisors to students whenever the Resident Director or Head Student Resident is not available. Anyone living in the dorms may become a member of the Resident Life Council. Showchoir 1990

Showchoir has been known for its way of recapturing musical theatre history. This year Showchoir has recaptured the past, but has added a little twist by capturing the present. America's Musical Stage, "A Salute to Musical Theatre," was presented in the fall. "Oklahoma," "Les Miserables," "West Side Story," and "Ain't Misbehavin'" were where many of the scenes from the show taken from. In the spring Showchoir raised the consciousness of audiences with the premiere performance of "In Full View of the Moon," which was written by Carolyn Cole and Charles Johnson. This musical drama focused on the problems of substance abuse in the home and school. Both shows were entertaining and enlightening to many.

Singing "Wishing Upon a Star," Todd Lewis, leaves the audiences in awe at the strength of his voice.

A Farewell Address

As many of us have already said, we are leaving college and continuing on to other things. Thoughts of our future are beginning to appear.

Some of us are going to a large university, some to a college of peace, for many of us we will be lawyers, and many new friends. The thoughts of majors and job prospects are on our heads and we feel the excitement of future plans begin to develop. Some of us have already decided what we want to do, a large step into the working world, life as it is often called.

As our thoughts of the future seem to grow, we can't help but remember those that made these plans possible. Some of us remember how St. Joseph's helped us to get back on track in our education, and we become grateful to these friends and professors that have helped us fade into the memories.

We are you well good friends, professors, faculty, and staff of St. Joseph's College, the class
